Contour buttocks treatment will firm and tone the buttocks and thighs. It will also sculpt and contour the buttocks, giving a fantastic lift. This unique therapy features the CACI Electro Cellulite Massager, which has 24 rollers so it adjusts to the contours of the body and mimics of conventional detox massages. At the same time, a micro-current is applied to the targeted areas via these rollers, helping to break up fat deposits and speed up the process of detoxification for firmer skin.
